*U2G Shared Hours

Up to 16 sh of MFin coursework that is taken in the U2G year can be applied to the 120 semester hours needed for your bachelor's degree and also be used for your graduate degree requirements.

**FIN:9400

**FIN:9400 may be taken in fall or spring in the U2G year and in the opposite semester in the grad year. For example, if taken in the spring of the U2G year, it should be taken again in the fall of the grad year.

Course waivers for non-finance majors

Waiver of a course does not reduce credit hours; the waived course is replaced by an additional elective. **To receive a waiver, contact your advisor prior to the start of the first semester.** Waivers may be available as follows:

- MBA:8140 Corporate Financial Reporting: accounting majors with a minimum 3.3 major GPA or with CPA or CFA level 1.
- MBA:8170 International Environment of the Firm: economics majors with a minimum 3.3 major GPA.
- BAIS:9100 Data and Decisions:
 - For a Tippie undergraduate: the student received a grade of B or better in one of the following courses and an A– or better in at least one:
 - BAIS:2800 Business Analytics or ECON:2800 AND
 - Another class that uses Excel and statistics, including MKTG:3100 Marketing Research, ACCT:4100 Auditing, BAIS:3500 Data Mining, BAIS:3800 Optimization and Simulation Modeling, or ECON:3355 Econ and Business Forecasting. Request approval for additional coursework from advisor.
 - For non-Tippie undergraduate analytics majors: a minimum 3.3 major GPA may also waive BAIS:9100.

Master of Science in Finance U2G

Plan of Study

Finance U2G course waivers and substitutions

- Finance U2G students should take FIN:3000 + FIN:3300 and waive MBA:8180.
- Finance U2G students should take ACCT:3020 instead of MBA:8140. If taken prior to the U2G year, MBA:8140 will be waived. If a student receives a C or lower, MBA:8140 will be recommended. If the U2G student takes ACCT:3020 in the U2G year, then it will count as credit toward the MFin.
- If BAIS:2800 has not yet been taken, BAIS:9100 can be used to fulfill the undergraduate requirement of BAIS:2800.
- Undergrad finance elective hour requirements could be fulfilled by taking FIN courses numbered 9000 or higher, MBA:8170, or BAIS:9100 in the U2G year.
- If FIN:3200 has not yet been taken by the U2G year, take FIN:9200.

One waiver from the following is allowed if you had an A- or better in the following Tippie undergrad course. The equivalent undergraduate course must have been taken prior to beginning the MFin Program (i.e. not in the U2G year). Once in the U2G Program, the graduate version of a course must be taken except as outlined below.

- FIN:4210 Futures and Options waives FIN:9210 Derivatives
- FIN:4220 Fixed Income Securities waives FIN:9220
- FIN:4250 Applied Equity Valuation waives FIN:9150 if taken in the previous academic year
 - If FIN:4250 will be taken in the U2G year in fulfillment of the undergraduate RISE requirement, then FIN:9150 may be waived with a grade of A-. For those who take FIN:4250 in the U2G year and receive less than an A-, FIN:9150 must be taken the following spring semester.
