Install SAS JMP Pro 17.2 – Windows

1. Go to ITS Software Download site: https://helpdesk.its.uiowa.edu/software/download/JMP/. This site requires authentication. When prompted, enter your HawkID and password in the following format:

   Username: **iowa\HawkID**
   Password: HawkID Password

   If you don't have access, please inform your instructor.

2. Select Windows version of JMP Pro 17.2. Save the installer to the Downloads folder.

3. Go to the Downloads folder, right-click on the "SASJMPPro17_2-Win.zip" file and select the extraction option for your zip archiver program.

   Important: Failure to extract the zip file first may result in errors during JMP installation or an incomplete installation.

4. Browse to the extracted directory and double-click the "jmppro__1720__win.exe" file to launch the JMP installer.

   .\Downloads\SASJMPPro17_2-Win\JMP\JMP_Pro\17_2\Windows
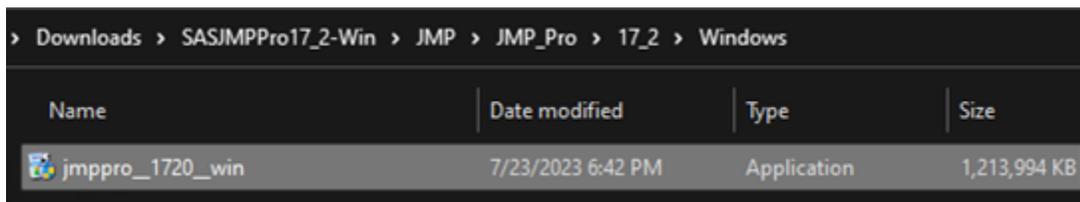

5. Click Yes on User Account Control prompt if asked.
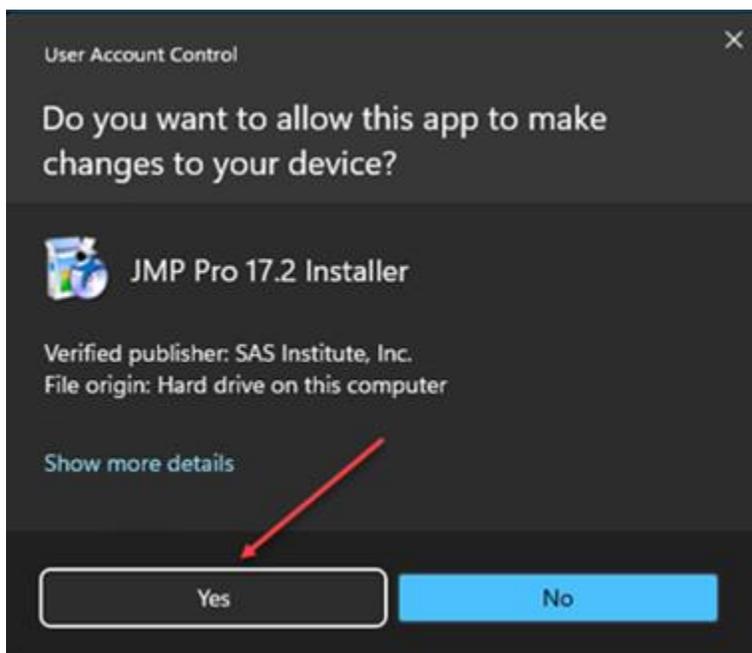

6. Click Next.
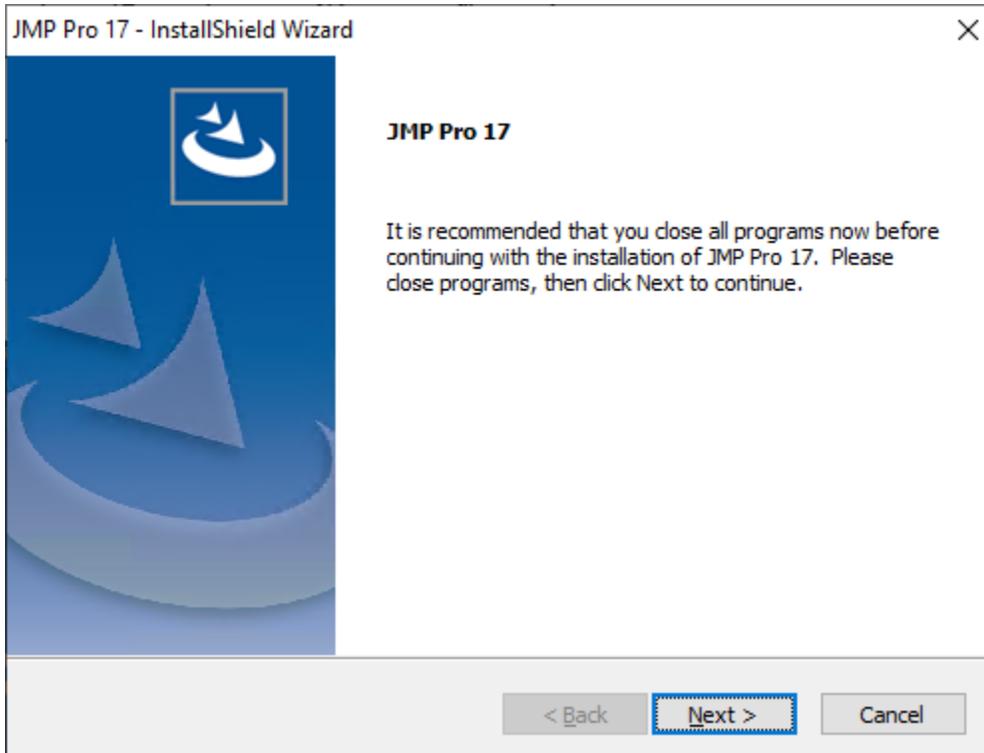

7. Click Next to accept default Destination Folder.
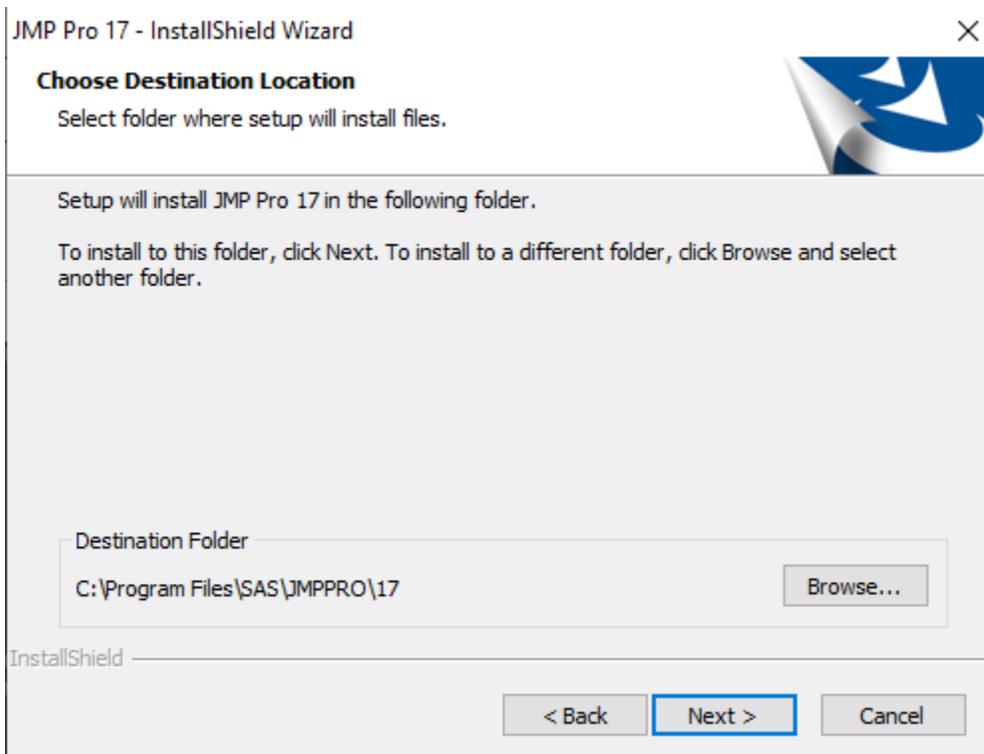

8. Click Next to accept Installation Options.
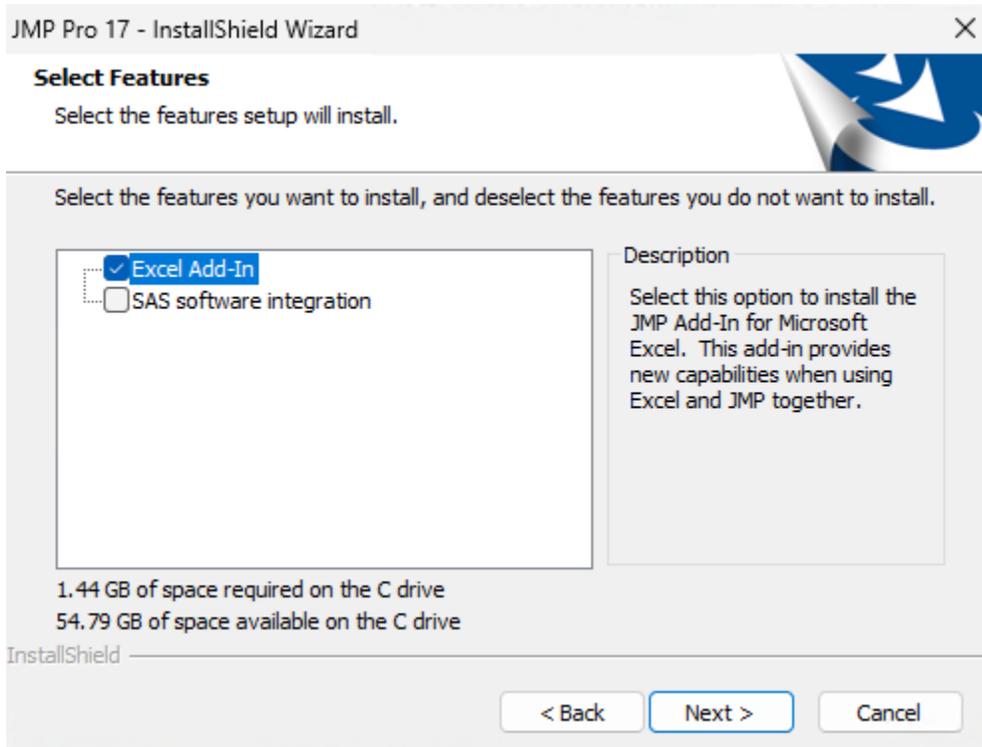

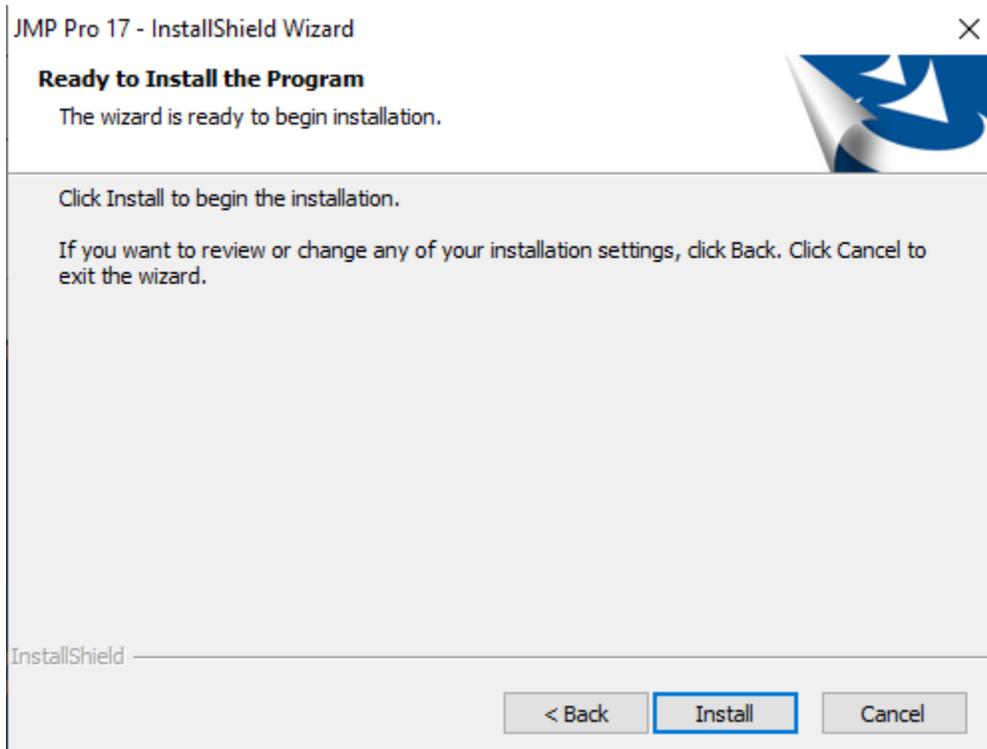

9. Click Install.

10. Click Finish.
