<p><b>A minimum of 60 semester hours (typically 20 courses) of unique University of Iowa Tippie Graduate &amp; Professional Programs (GPP) coursework is needed at the time the second degree is awarded.</b> Courses must be less than 10 years old to be used to satisfy a degree requirement. Transfer courses and/or University of Iowa graduate coursework from outside of GPP will NOT count toward the 60 or 90 hour total even if it was applied to one of the degrees.</p>		

- For an overview of Part-time Master of Business Analytics electives, refer to the [course descriptions](#) and [schedule of courses](#).
- For an overview of Part-time Master of Finance electives, refer to the [course descriptions](#) and the [schedule of courses](#).
- To graduate with your Part-time Master of Business Analytics alone, you must complete 30 credit hours (10 classes) and take all of the appropriate courses to meet the degree requirements.
- To graduate with your Part-time Master of Finance alone, you must complete 30 credit hours (10 classes) and take all of the appropriate courses to meet the degree requirements.
- Degree audits for multiple degree students are often incorrect because each degree audit (Part-time Master of Business Analytics and Part-time Master of Finance) needs to be adjusted manually so that the courses count correctly. For this reason, you can use the checklist above to monitor your course progress. A single course may not be used on multiple lines above.
